

PRODUCT SAFETY RECALL:

Søstrene Grene is hereby recalling: **LED string lights**.

The recall applies to the two shown colour variants from a single batch of the product, which has been sold from 31 October 2025 to 27 February 2026. Heat build-up has been detected in the battery box during use. This may cause the battery box to melt, which can pose a fire risk.

Therefore, Søstrene Grene is recalling the product from this specific batch. The batch number can be found alongside the price on the packaging (264575).

Anyone who has bought the product from this batch can therefore have the full price refunded or exchange it for an item of the same value by returning the product to a Søstrene Grene store before **1 July 2026**. There is no need to bring a receipt. This also applies even if the product packaging has been removed and the batch number therefore is no longer visible.

Søstrene Grene is extremely sorry for the inconvenience and works actively in every possible way to ensure that you can have confidence in Søstrene Grene's products.

If you have any questions regarding this recall, please contact:
